Joseph O. Carter... Pres. and Manager George H. Robertson...... Treasurer Faxon Bishop.....Secretary E. F. BISHOP, Sec'y C. Brewer & Company. Honolulu, June 30, 1891.

New Officers. Yesterday a change was made in

the officers of the old firm of C. Brewer & Co., Mr. P. C. Jones having tendered his resignation as President and Manager. Mr. Joseph O. Carter was chosen to fill the same position, Mr. George M. Robertson taking the Treasurer's duties and Mr. E. Faxon Bishop those of Secretary. All these gentlemen have been connected with this firm for twelve or fifteen years, and possess the full confidence not only of the stockholders of the company but also of the business community of this city and kingdom. Mr. Jones having decided to withdraw from active business, intends to return to his old home in Boston, and will probably remain there till he learns from experience that there is no place like Hawaii and no balmy airs that can compare with ours, when he will be glad to return hither.

'August Flower"

I had been troubled five months with Dyspepsia. The doctors told me it was chronic. I had a fullness after eating and a heavy load in the pit of my stomach. I suffered frequently from a Water Brash of clear matter. Sometimes a deathly Sickness at the Stomach would overtake me. Then again I would have the terrible pains of Wind Colic. At such times I would try to belch and could not. I was working then for Thomas McHenry, Druggist, Cor. Irwin and Western Ave., Allegheny City, Pa., in whose employ I had been for seven years. Finally I used August Flower, and after using just one bottle for two weeks, was entirely relieved of all the trouble. I can now eat things I dared not touch before. I would like to refer you to Mr. McHenry, for whom I worked, who knows all about my condition, and from whom I bought the medicine. I live with my wife and family at 39 James St., Allegheny City, Pa. ## REGAN VAPOR ENGINE!

The above cut is an excellent illustration of our Horizontal Engines which we manufacture in sizes from ¾ to 20 Horse Power, and are adapted for Pumping, Electric Lighting, Running Elevators, Harvesting and Thrashing Machines, Printing Presses, Boot and Shoe Machinery, Circular, Band and Jig Saws, Hoisting, Mill and Mining Machinery, Coffee Mills and Roasters, Polishing and Fanning Machines, Ventilating Apparatus, Emery Wheels, etc.; in fact everywhere power is needed.

The Regan Vapor Engines having more than realized the anticipations of purchasers, we have now the pleasure to submit Local References.

REFERENCE: Honolulu, June 1. 1891. MR. JOSEPH TINKER: DEAR SIR—I purchased from you one of your 2 Horse-Power Horse-Power Horse-Power Engines, and after four months' trial it has worked in every way most satisfactorily. The Engine making 230 Revolutions and running a Rotary Pump with a belt making 180 Revolutions without any effort. It is delivering the water with great force 45 feet above, at the rate of 30 gallons per minute, or 1,800 gallons per hour. It is run by the yard man, and he finds no trouble whatever in running it. It is doing everything that was claimed for it, and I should consider it a very Handy, Safe and Simple Engine for anyone to run who is not an engineer, and therefore recommend these engines to anyone.

I remain, yours respectfully.

MARK. P. ROBINSON.
